

AGM 2022 Annual report by the
pro-tem County Secretary

The activities of 2021 were clouded by the sad passing of Mike Williams, after more than 20 years as the County Secretary. Mike was and will continue to be missed, not only by the County but also by his home club, Havant AC as he was known throughout our sport and not just in the South.

There was little opportunity for serious competition until the second half of 2021, but most clubs managed to keep their athletes active with virtual competition.

The overall result was the attempted cramming into a 3-month Track & Field season as many competitions or league matches as possible.

After an end-of-year and active start to 2022 by Cross Country competition, we are all hopeful of a full and successful 6 to 8 months of competition ahead.

As we move into the Track & Field competitions for 2022 there are a couple of Team Manager slots that have either become vacant or not confirmed to be renewed, namely in the U13s as well as the U15/ U20/ Seniors that will need addressing.

To start this new beginning we welcome Tracey Jones, the Chair of Southampton AC into the role of our County Secretary.

Stuart Horsewood
pro-tem County Secretary.
