- 12 If, at the end of the season, two or more athletes tie for first place, the tie will be decided by firstly taking into account the number of first places gained by the athletes involved in the tie. The athlete with the highest number of first places will be declared the winner. If, however, neither athlete has gained a first place then the tie will be decided in favour of the athlete with the highest number of second places, then third places and so on. If the tie remains unresolved, the position of each athlete in the fifth match (or four if only four matches are held) will be used to decide the winner.
- 13 If, due to exceptional circumstances, a match has to be cancelled, then individual awards at the end of the season will be based on the three best results of each athlete. Athletes' positions in the fourth match may be used to resolve ties as noted above. Team results will be based on the three best results of each club.
- 14 Two Clubs will be promoted and two relegated in those age categories that consist of two or more Divisions.
- 15 Affiliation fees are to be paid by the first League fixture of each season.
