

Hampshire Athletics Annual General Meeting
Report by Stuart Horsewood, County Secretary

I start by thanking Eileen and Terry Williams as they step down from their long-time positions of CofSecs, managing the professional use of our many officials in the numerous athletics competitions that the County holds. Eileen will continue in her role of overseeing the Hampshire Schools Athletics Association.

In advance of their departure they arranged for Charles Bromley Gardner and Malcolm Wise to take on the County CofSecs role and tonight we welcome, with thanks, both onto our committee.

This leads me onto my own situation whereby, in the absence of any willing volunteer (s) I remain to be (1) the County Secretary, (2) the County Assistant Secretary (formerly County Administration Secretary) as well as (3) the Track & Field Championship Secretary. This situation is effectively outside of the constitution in terms of the number of positions held, but despite me contacting all affiliated clubs seeking volunteers to bring new blood and minds onto the committee, I have had no responses or offers.

Stuart Horsewood.
